Creator Hanger

Materials

- ☐ Verse squares (next page) printed on card stock
- ☐ Small craft sticks (about 4 ½" long)
- ☐ Yarn or ribbon cut into 6" lengths
- ☐ Glue
- ☐ Crayons
- ☐ Other decorations such as stickers, glitter, markers, etc.

Instructions

Print and cut out the verse squares on card stock, one for each student.

Make the frame: Give each student four craft sticks. Help students glue the four corners of the craft sticks together to make a frame. Set these aside to dry.

Pass out the verse squares to each student. Have students color them while the frame dries.

Put the pieces together: Glue the ends of the yarn or ribbon onto the back of the frame near the top, forming a loop for hanging.Glue the colored verse square onto the back of the frame so that it shows through.

For younger students, you may want to have them color their squares first then glue the sticks directly on the edges to form the frame and add the yarn or ribbon at the top.

Have students decorate the front of the frame with stickers, glitter, markers, etc.

Suggested Discussion

You each made your own craft, and we KNOW who made each one. They didn't just appear; we had to make them.

Now think about the things we see all around us. They are wonderful and amazing—animals, plants, stars, and people! We know that someone had to make all of these things, too. The Bible tells us who created all things. Let's read the words on your craft. They're from the Bible. *Read the words.*

? Who created everything? *God!*

Yes! Just like we know who made each of these crafts today, we KNOW that it was GOD who created the heavens and the earth
