11. If faith healing is the norm for believers ...

11

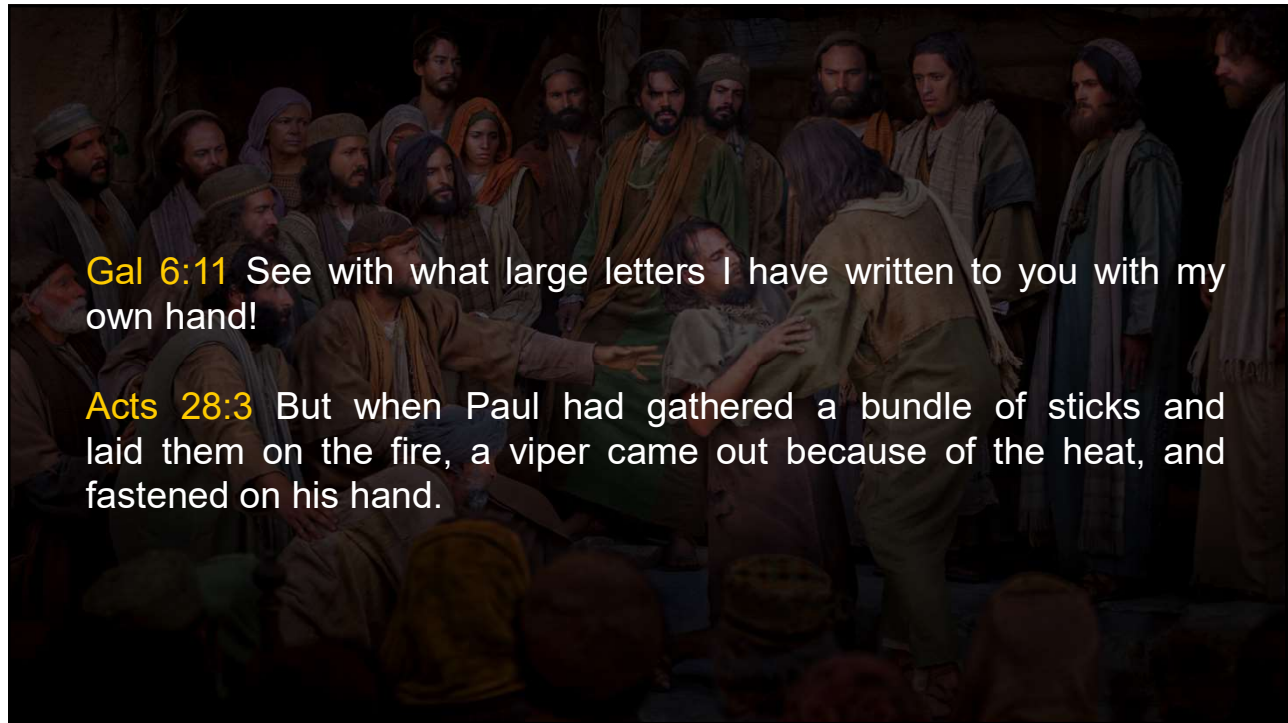

- Why did Paul have Dr. Luke traveling with him?
- Why did Paul have trouble with his eyes?

2 Cor 12:7 And lest I should be exalted above measure by the abundance of the revelations, a thorn in the flesh was given to me, a messenger of Satan to buffet me, lest I be exalted above measure.

Gal 4:13-15 You know that because of physical infirmity I preached the gospel to you at the first. ¹⁴ And my trial which was in my flesh you did not despise or reject, but you received me as an angel of God, even as Christ Jesus. ¹⁵ What then was the blessing you enjoyed? For I bear you witness that, if possible, you would have plucked out your own eyes and given them to me.

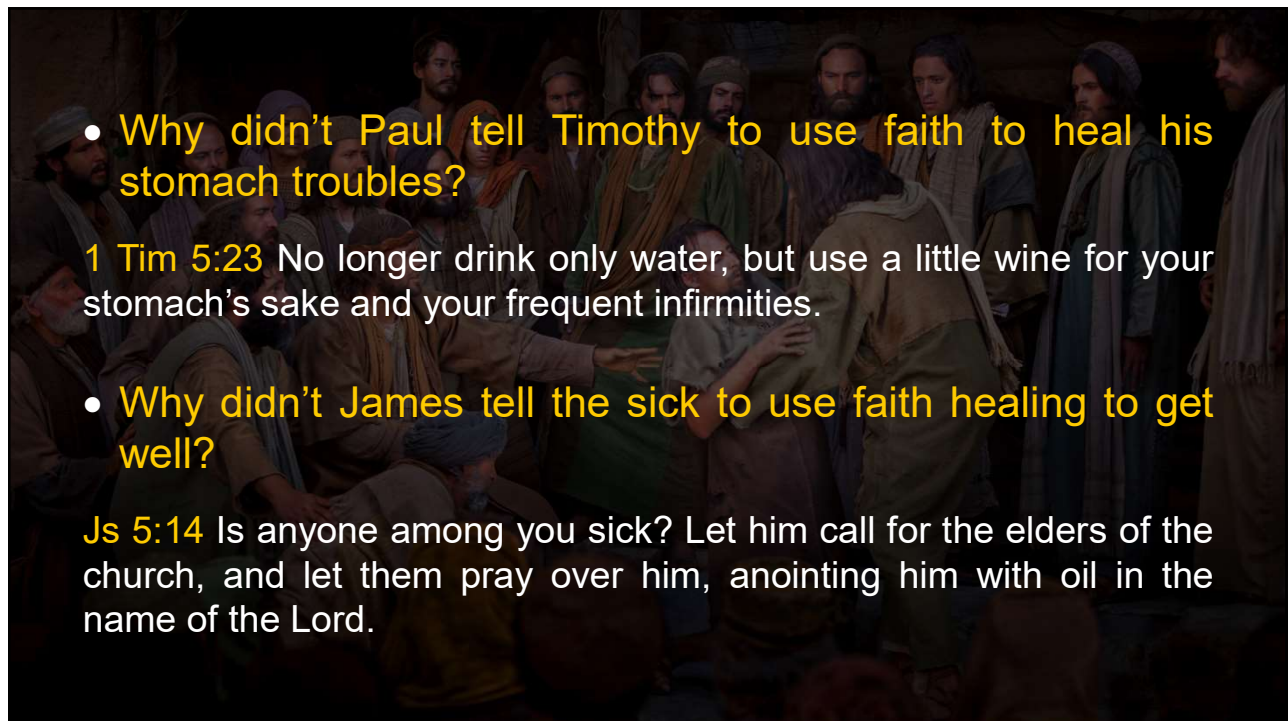

12

Gal 6:11 See with what large letters I have written to you with my own hand!

Acts 28:3 But when Paul had gathered a bundle of sticks and laid them on the fire, a viper came out because of the heat, and fastened on his hand.

13

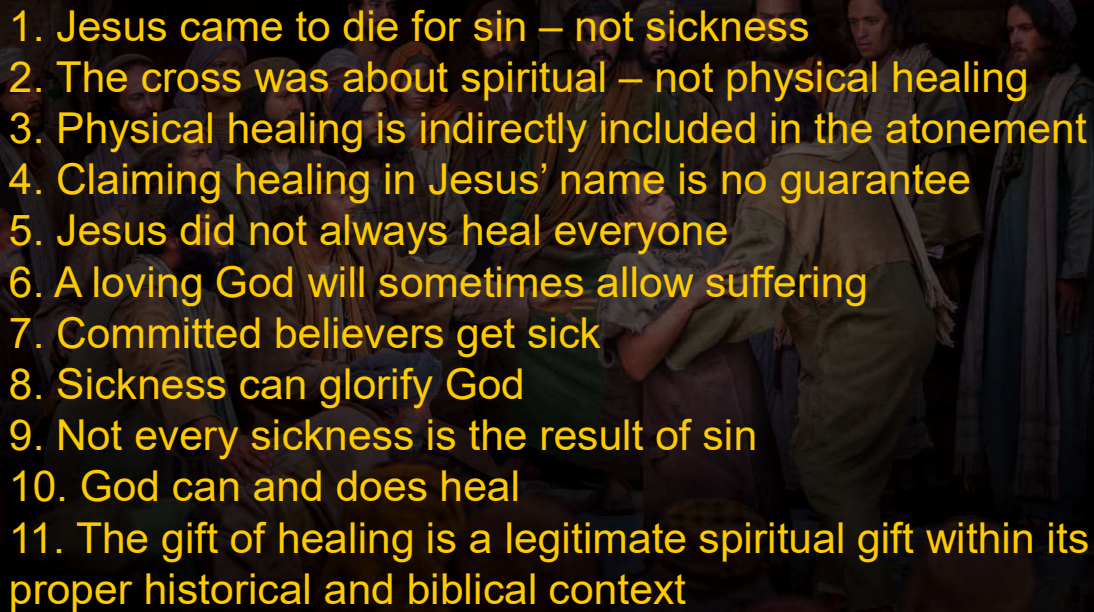

- **Why didn't Paul tell Timothy to use faith to heal his stomach troubles?**

1 Tim 5:23 No longer drink only water, but use a little wine for your stomach's sake and your frequent infirmities.

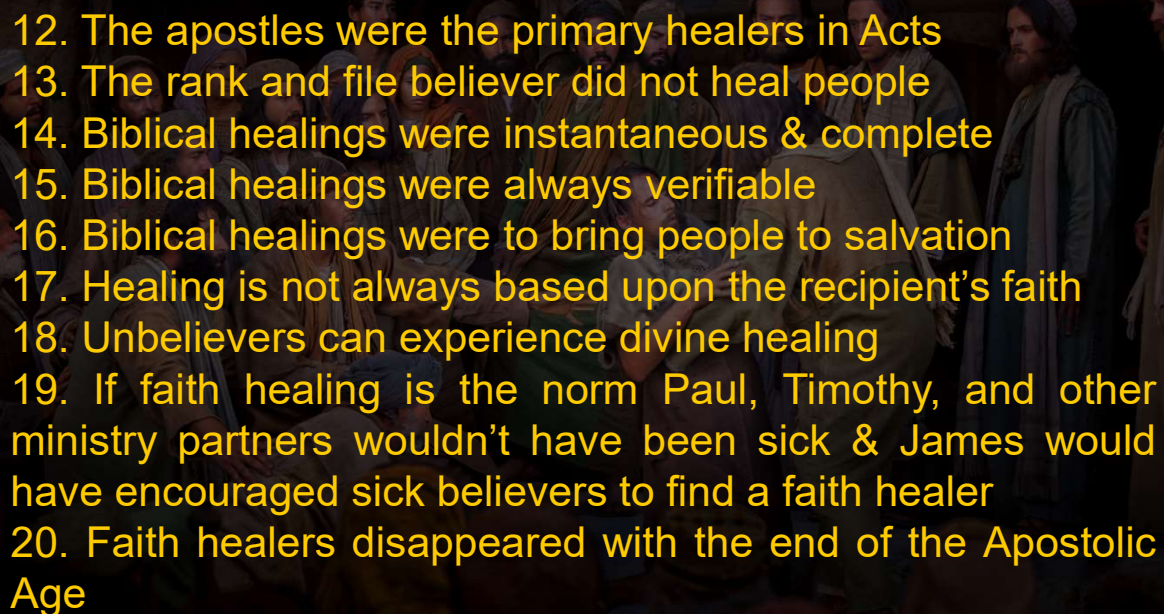

- **Why didn't James tell the sick to use faith healing to get well?**

Js 5:14 Is anyone among you sick? Let him call for the elders of the church, and let them pray over him, anointing him with oil in the name of the Lord.

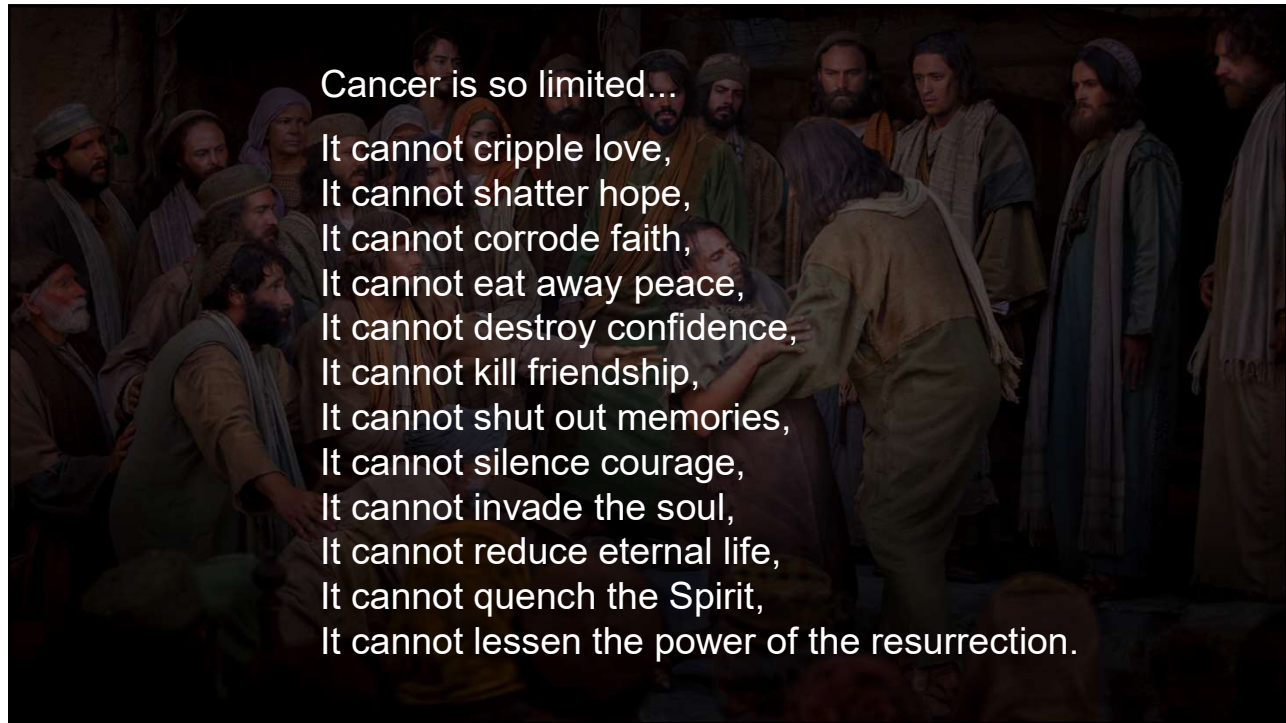

14

- 
1. Jesus came to die for sin – not sickness
 2. The cross was about spiritual – not physical healing
 3. Physical healing is indirectly included in the atonement
 4. Claiming healing in Jesus' name is no guarantee
 5. Jesus did not always heal everyone
 6. A loving God will sometimes allow suffering
 7. Committed believers get sick
 8. Sickness can glorify God
 9. Not every sickness is the result of sin
 10. God can and does heal
 11. The gift of healing is a legitimate spiritual gift within its proper historical and biblical context

15

- 
12. The apostles were the primary healers in Acts
 13. The rank and file believer did not heal people
 14. Biblical healings were instantaneous & complete
 15. Biblical healings were always verifiable
 16. Biblical healings were to bring people to salvation
 17. Healing is not always based upon the recipient's faith
 18. Unbelievers can experience divine healing
 19. If faith healing is the norm Paul, Timothy, and other ministry partners wouldn't have been sick & James would have encouraged sick believers to find a faith healer
 20. Faith healers disappeared with the end of the Apostolic Age
