John Clifton "Jack" Bogle (May 8, 1929 – January 16, 2019) was **an American investor, business magnate, and philanthropist**. ## The Economic War Today

- **Bogle Sounds a Warning on Index Funds**
  - *The father of the index fund says it's probably only a matter of time before they own half of all U.S. stocks; 'I do not believe that such concentration would serve the national interest' --Nov. 29, 2018*
- <https://www.wsj.com/articles/bogle-sounds-a-warning-on-index-funds-1543504551>

## The Economic War Today

- Bogle: *“My concerns are shared by many academic observers. In a draft paper released in September, Prof. John C. Coates of Harvard Law School wrote that indexing is reshaping corporate governance, and warned that we are tipping toward a point where the voting power will be ‘controlled by a small number of individuals’ who can exercise ‘practical power over the majority of U.S. public companies.’*

## The Economic War Today

- NYT (5/12/22) *“Their holdings are colossal. **BlackRock manages nearly \$10 trillion in investments. Vanguard has \$8 trillion, and State Street has \$4 trillion. Their combined \$22 trillion in managed assets is the equivalent of more than half of the combined value of all shares for companies in the S&P 500 (about \$38 trillion).**”* <https://www.nytimes.com/2022/05/12/opinion/vanguard-power-blackrock-state-street.html>

# The Economic War Today

This explains why American Companies have all gone “woke” (this plus HR departments forcing progressive leadership)

- Goal is Control Boards of Directors  
(Exxon Mobil has 3 who hate fossil fuel)
- Disney ruined Toy Story franchise
- Stakeholder vs. shareholder

# The Economic War Today

- Debanking: Operation Choke Point – Gun and ammunition dealers, payday lenders and other businesses operating legally suddenly found banks terminating their accounts with little explanation aside from “regulatory pressure.” Banks Still hesitant to loan.
- Cancel culture (Airbnb won’t work with Michele Malkin but a Christian baker must make gay wedding cakes?)
- Microsoft “terms of service” allow them to read your emails and access your computer and ban any hate speech

# The Economic War Today

- Not just that....
  - Google controls search results
  - Vaccine passports
  - You can be fired for private opinions
    - CEO in Silicon Valley who supported Prop 8 forced out  
<https://www.theguardian.com/technology/2014/apr/03/mozilla-ceo-brendan-eich-resigns-prop-8>
    - Marriott's "tweeter" in Omaha fired by CCP

# The Economic War Today

- Coming soon is CBDC  
Central Bank Digital Currency
  - Digital Dollar
  - Complete control/programmable money
  - Where, how, when, if you spend
  - Social credit scores and health passport
  - Too fat to buy a cheeseburger?
  - Remember Mayor Bloomberg on soda size?

# The Economic War Today

- The goal is economic slavery. Feudalism. “The dominant social system in medieval Europe, in which the nobility held lands from the Crown in exchange for military service, and vassals were in turn tenants of the nobles, while the peasants (villeins or serfs) were obliged to live on their lord's land and give him homage, labor, and a share of the produce, notionally in exchange for military protection. *‘Feudal services and the whole concept of feudalism kept the peasant poor.’* <https://www.lexico.com/en/definition/feudalism> (Oxford Dictionary)
- Communism was never about equality. It is always about “Animal Farm” PIGS. AKA, Marxist Theory.

# The Economic War Today

You seen what the Vision is - Playing for Keeps.

- You will own nothing and like it.
- You will eat bugs and less meat.
- Never about sharing prosperity... always about accepting less even while the “elites” live super well
- Case study: Tony Fauci highest paid Federal employee.

# The Economic War Today

- Complete hypocrisy....Larry Fink/Blackrock
  - Hold American companies to “woke” standards
  - Investing heavily in China
  - Aligned like Stalin/Hitler but cracks emerging.
  - Soros says “Blackrock as tragic mistake and damage national security interest.”

Will address solution at the end but here's a hint:  
**WEAPONIZE YOUR MONEY!**

# The Economic War Today

## GOAL is to Displace the US Dollar

- Putin started in 2008, tried to crash our economy.  
[Our total reported Federal Debt was \$10 trillion]
- Chinese started in 2013 with rise of Xi.  
[Our total reported Federal Debt was \$16.7 trillion]
- Goal is to bankrupt us.  
[Our current total reported Federal Debt is \$31 trillion]  
China in 2008 held 10% of our debt. Now 2%.

# The Economic War Today

- We are making it easy for them.  
**Interest rates are rising, what that means.**
  - A year ago, our total interest on all Federal Debt was \$378 billion, about 1.3% on \$28 trillion (now \$31 trillion)
  - Now, debt has gone up and so have interest rates.
  - If interest rate were at current inflation rate, our interest would be almost \$3 trillion/year or virtually all our Federal personal income tax receipts.
  - \$378 billion to almost \$3 trillion in 1 year?

# The Economic War Today

## What it Means:

- China and Russia think they can take down the American dollar.
- Who would want to loan us money?
- This is precisely the long-term plan. Use every means possible to bankrupt us.

# The Economic War Today

## Geopolitical Front

- Battle for control between demonic dystopias.
- We thought Russia would buckle under sanctions. She hasn't.
- We think China is in a terrible financial position. She appears to be. Domestic bank runs being stopped by “blinking red” health passports.

# The Economic War Today

- This is Economic Warfare.
  - Who can withstand more pain? China or US?
  - CCP has tremendous control over her citizens.
  - Mao's famine killed 45 million Chinese people.  
<https://www.theguardian.com/world/2013/jan/01/china-great-famine-book-tombstone>
  - Would China undertake a dislocation of the US dollar despite the terrible blowback?
  - Chinese Digital Yuan developed as an economic weapon.

# The Economic War Today

- Digital Yuan already launched
  - It is Required for trading with China.
  - Sellouts in America (Biden?) already proclaiming Chinese dominance post COVID.

## NEXT? Global Financial Crisis

- RECESSION is the Game Plan
- Really, Economic Crisis
- Event 201 just before Pandemic?
- Last WEF War Game was about an Economic Crisis
- WHY is this so important?

## It Will Be About the Money

- Great Reset brought to you by....WEF  
(World **ECONOMIC** Forum)
- Jesus told us Luke 16:11 that we have to get money right first. Luke 16:10 suggests money should be a “small thing”
- “Love of money is root of all sorts of evil”

--I Timothy 6:10

## Getting Money Right Is Essential

- We are in an Economic War, and we must address it BEFORE we can win the Spiritual War!
- In the spiritual war, weapons are NOT carnal.
- But in the Economic War, our weapon is MONEY. We must weaponize it! And that is the starting point (Luke 16:11).

## Getting Money Right Is Essential

- Leadership Lessons from King Josiah (2 Chronicles 34)
  - 8-years old when he became King and followed after “father” David, not his wicked daddy/granddaddy
  - At age 16, sought God, age 20, tore down false worship
  - Age 26 (18<sup>th</sup> year of reign) decided to rebuild the House of God

## Getting Money Right Is Essential

- Leadership Lessons from King Josiah (2 Chronicles 34)
  - Money had been stored up in the Temple since King Hezekiah (Josiah's Great Grandfather)
  - Verse 14: *"Now when they brought out the money that was brought into the House of the Lord, Hilkiah the priest found the Book of the Law of the Lord given by Moses."*

## Getting Money Right Is Essential

- VERY SIGNIFICANT---have to get money right!
- Must get money moving or you will miss the deeper spiritual things. Money was brought out to pay the laborers, craftsman, for materials. Until it was brought out, they did not find the Word of God.
- James 5:1-8 warning to believers: *"You have heaped up treasure in the last days. Indeed, the wages of the laborers who mowed your fields, which you kept back by fraud, cry out, and the cries of the reapers reached the ears of the Lord."*

## Getting Money Right Is Essential

- This is VERY important to the Lord and first step.
- “Can’t serve two masters...” –Matthew 6:19-24
- “Do not lay up for yourselves treasures on earth...Where your treasure is, your heart will be also.”
- Rich fool laid up treasure. --Luke 12:13-21

## Getting Money Right Is Essential

- The use of MONEY is central and shows where our hearts are. Consider the Parable of the Talents. Luke 19 includes the phrase “Occupy till I come” which includes the notion, “transact business till I come.”
- The servant who buried the money was the one cast out.

## Getting Money Right Is Essential

- The Economic Concept of **Velocity** of Money:
- *“The velocity of money is a measurement of the rate at which money is exchanged in an economy. It is the number of times that money moves from one entity to another.”*
- --Investopedia (<https://www.investopedia.com/terms/v/velocity.asp>)
- No velocity = Collapsed Economy

## Getting Money Right Is Essential

- Sin to “heap up treasure” on earth. It’s a Sin to not pay laborers.
- Sin to not “occupy (do business) until He comes”
- Sin to trust money but also a sin to not use your money (“weaponize it”)
- Parable of unjust steward---it’s your master’s money...use it to buy souls! [Luke 16!]

## Getting Money Right Is Essential

- UNDERSTAND: *“Your silver and gold will not save you from the wrath of God.”* –Zephaniah 1:18
- *“Silver and Gold have I none, but such as I have, I give thee. In the name of Jesus rise and walk!”*  
--Acts 3:6
- The key is not to make money the goal but rather to use it as a tool and the first weapon of the Economic War.

## Three Economic Wars Underway

1. The Domestic Economic War in America (also known as The Great Reset).
  2. The Foreign Economic War with China.
  3. The Internal Economic War of the Heart.
- We start with the heart. Can't win the other two wars without getting that one straight.

## Three Economic Wars Underway

- The enemy understands the importance of money and that is why he attacks us there:
  - WRONG HEART/GREED
  - FEAR (where we “bury” our talent)
  - COMPLACENCY (trusting in uncertain riches)
  - EGO (“I have money, therefore I must be smart”)

# The Economic War Today

- Political Solution?
- Supply-side growth and policies
  - Unleash American energy
  - Support entrepreneurship and small businesses
  - “Get government ‘the hell out of the way.’”
    - Ronald Reagan

## Our Battle Plan

- **Your SOLUTION? Weaponize Your Money!**
- Spread the word---Give to promote awareness!
- Weaponize spending! Immediately begin to look for non-China, non-WOKE alternatives.
- Stop investing in China and WOKE
  - Blackrock, Larry Fink/Index Funds
  - Start Investing with LSV (Liberty, Security, Values)
