

Sir Isaac Newton, *Observations upon the Prophecies of Daniel and the Apocalypse of St. John*, 1733: "At about the time of the end there will be a body of men who will turn their attention to the prophecies of the Word of God and insist on their literal interpretation in the midst of much clamor and resistance. ... We can stake the truth of Christianity on this prophecy (Dan 9) because five centuries before Christ was born, His coming was foretold."
